

Why Choose Franklyn?

Better Choice

Since opening in 1987, we have continued to innovate and improve our products so we can offer you Brisbane's biggest range of Blinds, Shutters, Awnings and Security screens. Having a bigger variety to choose from means you'll find exactly what you need for your home at Franklyn.

Professional Advice

With so many factors to consider when choosing the right window furnishings, you may feel a little overwhelmed by all the options. To help you select the best solution for your home, our professional staff will be by your side every step of the way.

Locally-owned Manufacturer

You'll have peace-of-mind dealing with an independent, locally-owned successful manufacturer that has over 25 years experience in the industry. With our factories based in Capalaba, we are never too far away should you ever need us.

Convenience

Browse through our extensive product range at one of our local showrooms or visit our website. Alternatively, take advantage of our obligation-free consultation from the convenience of your home, where you will receive advice, measuring and quotations.

Expert Measuring & Installation

To ensure a quality finish and accurate fit, all of our products are measured and installed by a specialist installation team to meet our meticulous standards. This personalised service ensures your products will meet your individual requirements.

Authorised licensed Crimsafe® Manufacturer

Franklyn is authorised to manufacture Crimsafe security under license, so you can be sure that you are buying genuine Crimsafe screens from a trusted source.

Showrooms located at Capalaba, Carseldine & Underwood

Warranty

We are confident that our products will stand the test of time, but to give you peace-of-mind we guarantee our products will be free from defects in components and manufacture for a period of 12 months from the date of purchase.

In addition, **NuFusion Shutters** are warranted for 20 years, **Crimsafe security screen mesh and frame** is guaranteed for 10 years and **Whitco locks and hinges** are guaranteed for 7 years. Ask our staff for more details.

"A promise to satisfy all of your requirements? Frankly, only Franklyn!"

We would like to be of service to you. Feel free to email or call us if you have a question about any Franklyn products.

**Frank Galea,
Managing Director**

Our range of Blinds include Rollers, Romans,
Sheer Elegance, Illusions, Panel Glides,
Vertical Drapes, Shutters & Venetian Blinds

Roller Blinds

With an impressive range of colours and styles to choose from, Roller Blinds can make a bold fashion statement or blend unobtrusively in any room.

Our Roller Blinds are custom-made to your needs and finished with colour coordinated accessories. Create the look you want with a range of fabrics that include plains, jacquards, textures and pattern prints incorporating your choice of trims, cut-outs or ring pulls.

Our Roller Blinds come with an easy-to-use chain control, or for the ultimate in modern living, they can be fully automated.

Combination rollers, incorporate two blinds to a window, allowing you the luxury of sunscreen by day and privacy by night.

Roller Blinds can be combined with Roman Blinds and Panel Glides in the same room, ensuring a consistent theme.

Roman Blinds

Add the designer touch to any room with our stylish Roman Blinds.

Incorporating superior operating systems to ensure years of trouble-free use, our Roman Blinds are durable and functional, using quality cordlock, pulley and chain operations.

Featuring timber or aluminium battens, you can create either a casual or formal look.

Select from our huge range of blackout, light filtering or sunscreen fabrics, giving you better light control which will enhance the ambience in your room.

Roman Blinds can be combined with Roller Blinds and Panel Glides in the same room ensuring a cohesive theme.

"The biggest manufacturer of Blinds, Awnings & Security in Brisbane? Frankly, only Franklyn!"

We are always updating our range to keep up with the latest trends & designs

Lisa

Sheer Elegance Blinds

Sheer Elegance Blinds are a versatile alternative to traditional Venetian and Roller Blinds. This revolutionary blind is crafted from lightweight sheer fabrics that combine opaque and transparent strips to form a double layered blind.

The unique design of Sheer Elegance Blinds allows the layers to move between varying levels of light control and privacy so you can completely close them or open them to allow a view between the strips.

Available in a variety of fashion colours, Sheer Elegance Blinds help soften daylight by reducing glare and light entering the room.

Sheer Elegance Blinds can also be raised or lowered to the desired height in the window just like Roller Blinds.

Illusion Blinds

Illusion Blinds are crafted from lightweight fabric louvres that hang between two sheets of sheer fabric, allowing you to alter the direction of the light and adjust the level of privacy without disrupting your view.

There are many colours and choices and your blind will come complete with colour co-ordinating head rails to match your chosen fabric and to finish off your window beautifully.

Our exquisite range of Sheer Blinds allows you to control the levels of light & privacy you need in a room.

Ask to see a sample of our privacy Sheer Blinds to fully appreciate their unique design.

Panel Glide Blinds

Panel Glide Blinds will transform any room with their cultured, sophisticated look. Select from our huge range of quality blockout or translucent light-filtering fabrics, offering you better light control and enhancing your room's ambience.

This innovative shading solution for large windows, sliding doors and bi-fold doors, looks fabulous in ultra modern or traditional interior design themes.

What makes Panel Glide Blinds unique are their wide panels that when open, stack neatly behind one another allowing maximum light into the room. When drawn into the closed position, they create a complete fabric screen providing light control and increased privacy.

Panel Glide Blinds can be combined with Roman Blinds and Roller Blinds in the same room, ensuring a consistent theme.

Vertical Drapes

Vertical Drapes are easily the most practical blind on the market, suited to most windows and door openings with simple, easy-to-use wand or cord controls that rotate the slats through 180° giving absolute control over the light and the desired level of privacy.

Manufactured to exacting quality standards, Vertical Drapes are carefully crafted with the finest materials to ensure a long, trouble-free life.

With a choice of hundreds of decorator colours, patterns, plains, translucent or blockout fabrics, they will complement any décor.

"Established since 1987 & proudly based in Brisbane? Franklyn, only Franklyn!"

Franklyn have a reputation for excellent customer service & quality products

Danielle

Shutters – External

Franklyn External Shutters have been developed specifically to withstand outside applications and extreme climates.

External Shutters make the most of your outdoor living areas and are ideal for patios and decks allowing you to control light, noise and privacy while maintaining your view.

Our Aluminium Shutters are custom-made to order and constructed from high quality materials.

Made from powder-coated aluminium, they are weather resistant and unaffected by long periods of water contact. Aluminium will not splinter, flake, peel, corrode, discolour or warp – making it ideal for external applications.

Available in fixed blade or adjustable – they come in a wide range of colours and profiles to complement the outside of your home.

Shutters – Internal

Fashionable Internal Shutters are beautiful and practical with strength to last many years. They will give your room the ultimate transformation and are suited to all types of décor.

Franklyn offer new materials for Internal Shutters such as Nufusion polymer alongside traditional timbers.

Nufusion polymer Shutters are engineered from innovative, hard-wearing materials, which are considered to be more affordable and durable than traditional Shutters.

For a stunning addition to your windows and doors, luxurious **Timber Shutters** are manufactured in a wide range of natural timber colours and paint finishes.

All Shutters are custom-made to your specifications and are hand-finished using the highest quality lacquers and coatings.

Available in fixed, hinged, folding or sliding, our Shutters are a classic addition to any door or window.

NuFusion
SHUTTERS

Venetian Blinds – Timber & PVC

Classic Venetian Blinds are one of the most functional blinds. With a simple adjustment of the tilt controls you can alter the view from total privacy to subtle changes of light and shade. They can also be easily locked into any raised position.

Available in a variety of timber-look and timber finishes such as lacquered, oiled or polymer. We handcraft each blind for a custom fit.

Timber Blinds infuse a room with warmth, giving it that cozy feeling.

Combine comfort, style & function with our range of Timber Shutters & Venetian Blinds.

Venetian Blinds – Aluminium

Aluminium Venetian Blinds offer a contemporary look suited to modern or traditional décor. Practical and stylish – you can transform any home or office with our large range of decorator colours.

Venetian Blinds give you complete control of the light in any space and they can also be easily raised and locked into any position.

Our high quality painted Aluminium Venetians also offer the advantage of being water resistant. The result is a versatile blind, which is equally suitable for use in wet areas and dry areas.

"A better choice of Blinds, Awnings & Security? Frankly, only Franklyn!"

Our experienced sales consultants will help you find exactly what you need.

Sandra

Awnings

Our range of Awnings include Folding Arm,
Fixed Canopy, Roll-Up, Drop-Arm, Patio,
Café, Louvre & Privacy Screens

Folding Arm Awnings

Create a cool, shady outdoor area with a Folding Arm Awning.

Folding Arm Awnings are retractable awnings that provide a fashionable canopy. Heavy-duty retractable arms mean the awning can be installed with a projection of up to 3.6 metres without the need for support posts. By joining the profiles in a series, Folding Arm Awnings can span up to 18 metres in width.

When not required, this fabric awning can be rolled discreetly out of sight, leaving no unsightly structures.

Available in a wide range of fabrics and colours, operation is simple, with options including manual crank or motorisation. Folding Arm Awnings can also be installed with an easy to use pitch control, giving you the adjustments needed to maintain optimum sun protection.

Fixed Canopy Fabric Awnings

Fixed Canopy Fabric Awnings provide an attractive low-cost solution to the damage caused by Australia's harsh climate. Made from durable materials, Fixed Canopy Awnings offer shade and added protection from rain.

Available in a wide range of fabrics including block colours and stripes.

"Who has the best prices on motorised Awnings? Frankly, only Franklyn!"

Wireless remote controls give you full control.

Amy

Auto Roll-Up Fabric Awnings

Protect your home and cut down your cooling expenses with Australian-made Automatic Roll-Up Fabric Awnings.

Fabric Awnings reduce the total heat load on and in your house, minimising the need for supplementary cooling. Your valuable carpets, curtains and furniture will be protected from direct or reflected sun damage.

The close-fitting design of this versatile and attractive awning makes it an excellent choice for windows, offering the benefits of optimum privacy and sun protection.

Easy function, self-locking arms enable simple shade adjustment, and when the sun goes down, the Auto Roll-Up Awnings can be rolled up neatly into a head box.

Drop-Arm Fabric Awnings

Our Drop-Arm Fabric Awnings are an ideal solution for shading any type of window.

Drop-Arm Awning arms pivot in an arc, extending and retracting the fabric skin providing protection for your windows. The benefits come from the larger area between the awning and the window, enabling greater air circulation.

Elegant Drop-Arm Awnings are an excellent solution to reducing the total heat load to your home, resulting in more comfortable temperatures during the day whilst protecting your valuable carpet and furnishings from the fading effects of ultraviolet rays.

Patio & Café Awnings

Patio & Café Awnings are perfect for enclosing pergolas, verandahs and outdoor living areas, providing privacy and weather protection. We offer wire guide, cord & pulley and various channel guides in a wide range of fabrics and PVC materials.

Custom-made to suit your specific needs, Patio & Café Awnings are designed to maximise the use of your covered outdoor areas all year round without creating a visual barrier.

Awnings can add a new dimension to the exterior of your home by offering a visually attractive solution to weather protection.

Choose from metal & fabric types to create the desired effect.

Fixed Canopy Metal Awnings

Fixed Canopy Metal Awnings provide an alternative low-cost solution to the damage caused by Australia's harsh climate.

Produced from multi-rib cross-section Tru-steel panels, its rigid strength will provide greater wind resistance and protection against hail and storm damage. Ideal to protect entry ways or patios from the elements.

With our large range of Colorbond colours to choose from and the ability to mix and match panels, you can create a unique look for your home.

"Specialists in big jobs? Frankly, only Franklyn!"

We have the same attention to detail no matter how big or small the job is

Michael

Louvre Awnings – Steel

Australian-made Tru-steel Louvre Awnings give excellent protection from the elements, providing one of the best ways of keeping your home cool in summer. Tests have shown this style of awning can deflect up to 90% of the heat normally transmitted through a window.

Constructed from curved steel panels, Tru-steel Louvres are rigid and corrosion resistant to endure Australia's harsh conditions.

The adjustable model allows you to effortlessly control the amount of light, heat and privacy you require in a room.

The panels can easily be removed for cleaning or replacement if necessary.

Louvre Awnings – Aluminium

Aluminium Louvre Awnings are light and durable and are an ideal way to control privacy whilst at the same time not obstructing air flow or the view.

Aluminium Louvre blades also reflect up to 90% of the heat normally transmitted through a window, which can significantly reduce energy costs for your home.

By choosing an Adjustable Louvre Awning you have the luxury of controlling the amount of light, heat and privacy you require by manually adjusting the louvre panels. This can be operated internally or externally.

Available in a range of standard or custom powder-coated colours, Aluminium Louvre Awnings provide a stylish modern finish to your home.

The panels can easily be removed for cleaning or replacement if necessary.

Aluminium Privacy Screens

Franklyn Aluminium Privacy Screens are a modern, seamless design that will add value to your home. Suited to gate features, presentation walls, fencing and privacy screening, they are often used as features or highlights in modern architecture.

Aluminium Privacy Screens are available in either flat or louvred styles with 65mm elliptical slats. Flat style Privacy Screens come with a choice of 10mm or 20mm spacing depending on the level of privacy required.

A unique alternative to timber, aluminium is weather resistant and will not splinter, flake, peel, corrode, discolour or warp.

Aluminium Privacy screens will help you feel more comfortable in your home while still being architecturally appealing.

You can still enjoy the view without reducing light or air.

What some of our customers have said:

"...the guys who installed all of our orders were terrific! They cleaned up the mess every time. Thanks for your professionalism and speedy service."

Lisa & Scott

"We don't normally write letters of praise but we wanted to let you know how happy we were with every stage of dealing with your company....everyone was very friendly and efficient in their jobs. We would have no hesitation in recommending you."

Rob & Trudi

"This was my third purchase from Franklyn. I have the highest regard for your staff, and to date I have had complete satisfaction with your products and service."

Rex

Melita

Stainless Steel Security

Our range of Security includes Crimsafe®,
Diamond Grille, Decorative Doors & Safe-S-Capes®

Crimsafe® Security Screens

Crimsafe allows you to keep or enhance your lifestyle. Because you can leave regular doors and windows open, you can keep a cool house in summer and enjoy fresh air all year round without compromising your security.

Our doors and windows come in many different frame styles and a full range of standard colours, to match your home or business. Visibility through Crimsafe mesh is unhindered. Crimsafe is a flyscreen as well as a security screen.

For more information see the chart below or visit www.franklyn.net.au/security-screens/crimsafe-security to watch videos of Crimsafe being rigorously tested at the Australian Defence Force Academy Testing Facility. In the same video you will also see some of our competitors' products failing those same tests.

How Crimsafe performs against its competitors – UNSW@ADFA Impact Test Results

The results show that Crimsafe delivers up to 12 times the level of impact resistance required by the Australian standard and would easily repel the force from an intruder. Most competitors screens failed to deliver the impact resistance level required by the Australian standard and that the level is too low to resist a real life attack.

UNSW@ADFA

Tests conducted by UNSW@ADFA Nov 2011

** Multiple impacts * Single impact

CRIME PREVENTION PARTNERS

"I take safety seriously on and off the racetrack. The test results speak for themselves – Crimsafe is by far the best security screen I've seen on the market."

Dick Johnson,
V8 Racing Legend

7mm Diamond Grille Security

Add value to your home with the strength of Franklyn 7mm Diamond Grille security screens for doors and windows.

Diamond Grille Security is a popular and economical solution to provide a physical barrier to discourage intruders from your home.

Built with 7mm high-grade aluminium, Franklyn Diamond Grille Security is tempered for greater strength, resulting in added toughness.

It is virtually maintenance free with grilles and frames available in a range of modern colours.

Choose from:

Screwed Diamond Grille

Screwed Diamond Grille is fixed with high tensile screws into a deep reinforced frame, engineered to absorb a number of impacts and to prevent the grille coming away from its frame.

Welded Diamond Grille

Welded Diamond Grille is welded to a heavy-duty frame and is powdercoated in a colour of your choice.

Decorative Doors

Decorative Doors, featuring a variety of styles, patterns and colours, will add a touch of personal style and individuality to your home.

The moulding process allows for intricate designs that feature low-maintenance aluminium to achieve a thick and solid finish.

Rust will never be a problem, as Decorative Doors are made from gravity die cast aluminium – also known for its strength and durability.

Decorative Doors come standard with insect screening but can be combined with Clawproof mesh or Crimsafe security screens for added strength and safety.

Examples of popular door designs – speak to your Franklyn Sales Consultant to view the extensive range of Decorative Door designs available.
